

## Love Remembered (A Very Short Romance)

Eden Adams opens her eyes and finds herself surrounded by strange people in even stranger clothing. She looks for her fiancé, Cody, among the crowd, only to be told he's not her fiancé at all. A handsome cowboy tells her she's engaged to him, and they've been together for over six months! What on earth is happening? Jaeger West is dismayed to realize his fiancée has no idea who he is. After what should have been a minor head injury, why would she have forgotten him? Is this a sign that she's still in love with Cody Shepard, her cheating ex-fiancé? Will Eden ever remember Jay? Will she remember their love? Or is the woman he loves slipping from his grasp? This very short romance (about 8,000 words) takes place in one twenty-four hour period.
