

Teenage crushes aren't supposed to have happy endings – something Elise is trying hard to forget as Jack, the girl she lusted after in high school, becomes her first girlfriend. And for Jack, beautiful, pure-hearted Elise seems almost too good to be true. All they want is to lose themselves in the sensuality of their new relationship, but pressures come from every direction. Elise must face her fears about coming out, while Jack needs to figure out whether Elise likes her for who she is now, or the fantasy version she constructed in her youth. Meanwhile, there's school, work, and jealous gossip that reminds Elise that, while Jack is her first, she's only the latest in a string of girlfriends. Will their deep attraction and genuine spirits be enough to transcend the day-to-day, and bring them the intense connection that they crave? *Me and Her* is a 40,000-word novella, and the sequel to *Always Her*, the number one bestselling lesbian romance.
