

Bull (Red, Hot, & Blue Book 10)

When the going gets tough, the tough go out with a bang...Spec Op Bull Ford is as big as his nickname. His team, the civilians he protects, whether they know it or not, all depend on him. But beneath his stony exterior beats the heart of a caring man--unless hes crossed. Between her job as professional harpist and fending off an ex-boyfriend who wont take the hint, Marly feels like a circus juggler. She doesnt need some oversized, overzealous security guard accusing her of being a terrorist--as if a five-foot-nothing woman in a ball gown could threaten anyone. Though when the real terrorists strike, shes more than grateful to have Bull at her side...or on top, which certainly makes what could be her last breaths memorable. But after Bull takes the brunt of the explosion, Marly is left with feelings for a man who doesnt remember who she is. And by the time the red-hot memories come flooding back, the trail to her heart may have gone cold. Warning: Contains explosive sexual encounters--literally!
