

Anything We Love Can Be Saved

In *Anything We Love Can Be Saved*, Alice Walker writes about her life as an activist, in a book rich in the belief that the world is saveable, if only we will act. Speaking from her heart on a wide range of topics--religion and the spirit, feminism and race, families and identity, politics and social change--Walker begins with a moving autobiographical essay in which she describes her own spiritual growth and roots in activism. She goes on to explore many important private and public issues: being a daughter and raising one, dreadlocks, banned books, civil rights, and gender communication. She writes about Zora Neale Hurston and Salman Rushdie and offers advice to Bill Clinton. Here is a wise woman's thoughts as she interacts with the world today, and an important portrait of an activist writer's life.
