

Reflections on Life, Love and Dogs

Reflections on Life, Love and Dogs is a fictional story, inspired by realistic life events. A book about dogs, their lives, and their world. A book for those who love them. For those who cherish them. And for those who enjoy the companionship and love that dogs provide to us. But its so much more. Its about living in the moment.

Its about dogs, life, living, not living and the impacts of death. After all, You dont need to be dead to stop living and you dont need to be undead to become a zombie. We can be the person who chases their dreams and lives their life to the fullest, or a person who ridicules the lives of others while failing to live their own. Its our choice. *A portion of the proceeds from the sale of this book will be donated to animal rescue.
