

My Exodus

This is the story of how a confused American went from darkness to light. God took a bad situation and turned it for good. My Exodus is the journey of Paul Taylor, who came out of his own American Egypt into the Promised Land - Israel - via a coastal journey from Spain to the Holy Land.

If your wallet is already on your computer, but your password is not working, you can open Exodus, then click Restore. This will take you Exodus is wholeheartedly supportive of every individuals right to privacy and full control of their funds.
