

Rastafari Manifesto

What constitutes a Rastafarian remains largely speculative to many. In the absence of clear definitions, Rastafarianism has some specific meaning to who seems to embrace it as an identity and to those onlookers who would prejudicially judge it.

In ambiguity, Rasta lacks the cohesion necessary to defend itself against onslaught by a hostile world. It also deprives itself of the rigidity required of any belief system to include or exclude. Rastafarianism is left with many who would use it to mean anything, even that which is abhorrent to the sensibilities of all decent people. This book clarifies Rastafarianism. It provides a basic minimum understanding by which identity can be forged. The world will get a greater appreciation of the Rastafarian perspective. Particular branches of Rastafarian culture may be more elaborate, but this book sets a tone of commonality. By reading it, everyone will be able to answer the question, What is a Rastafarian?

marked by a foul odor smelly rancid Ras (ras, ras): R. - a title for a Rasta I as God of the world and Savior of humanity
