

El Zohar XVII (Spanish Edition)

El Zohar es, sin duda alguna, la obra mas famosa del pensamiento místico universal, y de la Cabala en particular. Sus enseñanzas influyeron en el pasado y repercuten actualmente en todas las religiones conocidas. Rabi Shimon Bar Iojai y sus alumnos, analizan, investigan y desmenuzan los temas mas profundos y hermeticos de la existencia humana, tal como la creacion del mundo conocido y de todos los mundos espirituales que le precedieron, el origen, la conformacion de las almas y sus reencarnaciones, la vida despues de la muerte o el sentido de lo Masculino y lo Femenino. / The Sabbath is one of the great mysteries of Jewish tradition. Zohar XVII refers to the supplies and directions to build the Tabernacle and the specific materials to be gathered -only the finest materials and contents available were used. Therefore, the reality is the end of the concatenation of the supreme worlds- from the Emanation World to Action World.
