

# Exposed: The Erotic Fiction of Alison Tyler

Alison Tyler is a pioneer of a kind of erotica that's at once arousing and sophisticated, playful and explicit. A prolific author and editor in the field, with 15 novels, 20 anthologies, and more than 400 short stories to her credit, Tyler here assembles her very best short fiction. In *Exposed*, she spotlights women exploring their most vulnerable erotic moods and moments, often filigreed with humor and a BDSM slant. These stories cover the span of her career, from her first published effort (*Untouched*) to her latest (*Well-Trained*). In *10 Minutes in the 80s*, a nervous virgin surprises her first pickup and herself when her inner hussy is unleashed. In *Blades*, a sexy klepto gets a happy shock when the saleswoman at the knife counter discovers her secret and takes her home for punishment. In *The Last Deduction*, dominatrix Nadine finds delightful new uses for her tools: dildo, whip, and handcuffs when she's audited by the IRS. *Exposed* showcases the compulsively readable style, quirky insights, and steamy tableaux that have made Tyler a favorite of both readers and critics.
