

Distant Fire (The Joyful Noise Series Book 2)

Linda Cuthbertson doesn't pay much attention when she hears the news that her church has just hired a new music director. That is, until she comes face-to-face--again--with Drew Lingerfelt. Years, miles and life itself have come between Linda and the man she has always thought of as her first love. Having married and divorced the father of her child, she's made a life for herself with only her daughter, her work, and her faith in God. But now Drew is back...and so are her feelings for him. He also realizes that he has never totally forgotten about Linda. Has The Lord brought him to the town of Hathaway solely for the purpose of using his musical talent at True Vine Gospel...or is God giving them a second chance to find happiness in each others arms? The second book of JOYFUL NOISE, the Christian romance series by the author of THE LARKSPUR VALLEY SERIES.
