

In the Garden of Beasts: Love, Terror, and an American Family in Hitler's Berlin [Audiobook, Unabridged]

Larson is a marvelous writer...superb at creating characters with a few short strokes.-New York Times Book Review
Erik Larson has been widely acclaimed as a master of narrative non-fiction, and in his new book, the bestselling author of *Devil in the White City* turns his hand to a remarkable story set during Hitler's rise to power. The time is 1933, the place, Berlin, when William E. Dodd becomes America's first ambassador to Hitler's Germany in a year that proved to be a turning point in history.
