

Let Your Life Speak: Listening for the Voice of Vocation

Finding ones calling is not just about finding something we can do - it is about finding what we cant not do. Let your life speak is a time-honored Quaker admonition to live ones life as witness to the deepest truths one knows. But as Parker Palmer explains, those words can also mean listen to your life, and let it tell you what your truth is. Vocation, he writes, comes not from external demands but from listening to the true self, a listening that will always call us into some form of service to others. Though the details of our journey are singular, we draw from it that which is universal. This book is a moving and illuminating guide for anyone who seeks not just a job but a calling and companionship along the way.
