

## WILD FIRE: Melanie takes on a Cinderella challenge... (Beaumont Brides Book 3)

Melanie Beaumont is tired of being treated as a dizzy blonde by her family, her friends and most of all, her agent. She's going to show them all, and if that means bringing arrogant Jack Wolfe to his knees, so much the better! Jack Wolfe has no intention of letting Melanie Beaumont see how much he is attracted to her. He knows she's hiding something, and he's determined to discover the truth and a week on a tropical island is going to give him all the time he needs.
