

The Blackbook of Relationships: The Only Book You'll Ever Need to Form & Grow Extraordinary Relationships in Life

This book contains proven steps and strategies on how to be in and deal with relationships across various stages of your life. Struggling to understand why your high school relationship is going south? Trying really hard to make your marriage work but failing miserably at it? Whether you are a newbie to romantic relationships or a tired husband married for years, this book might just be all that you need to get your basics right. It is the quick crash course you need in order to understand how your relationships change, grow and evolve over time. As you pass from one phase of life to another, your relationship does too. And this book is your perfectly reliable guide on how to prepare for and deal with these changes. If you want to know what it takes for your relationship to grow as you grow, this book is perhaps the one thing you have to have read. In this book, you will learn:

1. Guidelines on what can and cannot work for you in your high school relationship
2. How to make sure the high school romance blossoms into a relationship in college
3. What to keep in mind when you are in a relationship in college
4. What are the challenges in marriage and how to keep your marriage afloat in spite of those?
5. What makes old age romances just as romantic?
