

Faster We Burn (Fall and Rise Book 2)

This is a New Adult Contemporary Romance and is suitable for ages 17 and up, due to language and scenes of sensuality Katie Hallman is done with douchebags. Done with guys who treat her like crap and leave her broken. But then Stryker Grant is there anyway. With his numerous piercings and bleached hair, he's the polar opposite of all of her past relationships, which makes him the perfect candidate. At first, Katie just sees him as a physical escape from her previous rocky relationship, and Stryker doesn't seem to mind just being a distraction from Katie's problems. But soon he's getting under her skin, peeling back layers she'd rather keep covered. She tries to make it clear that she doesn't want a relationship, but keeps breaking her own rules. Then a tragedy sends Katie into the only arms that are there to catch her, and she'll realize that she needs him more than she ever thought possible. But is she ready to let herself trust another guy with her already-battered heart? Or will she push him away to protect herself from getting hurt again? Other books by Chelsea M.
