

## Unleashed - Complete Series

Twelve years after graduation, Violet is an assistant to a woman who steals her ideas and takes credit for her work. She is living in a suburb of Phoenix, Arizona where everything moves at a snails pace. And her serious man? He just dumped her with no explanation. Frustrated and bitter, Violet is surprised when she meets up with Mason Carver, an old high school sweetheart. She is immediately impressed with his fully grown and matured good looks. She is equally impressed knowing that he is a successful writer who has had a string of bestselling adventure novels. And is he married? No, hes free. But, she doesnt expect the freewheeling, adventurer from college. And shes not sure she can take him any more seriously than she did then. Is she ready to date just to have fun? Is the intense attraction and amazing sex enough to make a commitment? Or is Mason just a bridge to the next man who is more in line with her life plan?
