

One God, Many Prophets: The Universal Wisdom of Islam

One God, Many Prophets by Zachary Markwith is an exposition and defense of religious pluralism written from within the Islamic tradition. Through selections from the Quran, sayings of the Prophet Muhammad, and the writings of Muslim philosophers and Sufis, we discover that traditional Islam and Muslims acknowledge the common Divine origin of previous revelations and prophets as cardinal tenets of faith, and also the esteemed status of other revealed religions and those who practice them. This volume also examines fascinating and timely aspects of Islamic philosophy and spirituality alongside other wisdom traditions, including Judaism, Christianity, Greek philosophy, and Hinduism. The themes and principles discussed include Islam and the perennial philosophy, love of the divine feminine, the metaphysics of the Self, Christic, Eliatic, and Hermetic wisdom, and traditional cosmology. The universal and particular wisdom of Islam highlighted throughout this volume is an affirmation of the universal or perennial wisdom of humanity. It challenges us to see Islam and all revealed religions not as competing ideologies, but as paths that lead to the same summit.

Paradoxically, the insistence of Islam upon God as the One and the Absolute has had the church), whereas in Islam there is the One God and many prophets.
