

# Special Education: A Parents Guide for Childrens Success

Over six million American families are involved in special education, and the numbers are growing. The complex web of laws, regulations, personalities and stresses, combined with anxiety over raising a child with a disability, have made special education advocacy an impenetrable maze to many parents. This book presents the complexities of the process in a simple-to-understand way and offers practical tips, checklists and strategies on how to make the system work to insure the educational success of all children.
