Gia Duncan has turned her back on her family's wealth in order to run a community organization. That's why giving in to her desire for powerful, charismatic Keith Washington is a mistake she can make only once. Keith is the mayor's campaign manager and son, a workaholic whose only goal is to get his father reelected. Gia knows he's an opponent she can't trust with her agenda, let alone her heart. At first, seducing Gia is just a way to keep her from derailing his father's reelection campaign. Until Keith starts to realize what everyone especially matchmaker Mamma Lou already knows. Nothing compares to the passion that keeps drawing him to Gia. But can he convince her that the only thing he truly wants from her is the promise of forever?
