She became even more aware of her doubts about Victor when she met the disturbing Miguel Salvaje, who made no secret of his attraction to her, and Emma soon admitted to herself that she in turn was attracted to him. The situation grew even more intense when Miguel virtually blackmailed her into marrying him instead of Victor and bore her off to his home in Mexico. The tense situation between them might have resolved itself happily, however, had Emma not discovered that she was expected to share her home with a third person someone even more overpowering than Miguel himself.
