

Teachings of the Buddha: The Wisdom of The Dharma, from The Pali Canon to The Sutras (Eternal Moments)

Stories and insights from the Buddha combine with magnificent imagery in this essential, inspirational collection. While concentrating on the Pali canon in particular (which contains the Dhammapada), Teachings of the Buddha reflects the rich diversity of Buddhist traditions. There are extracts from the later Mahayana sutras, time-honored Buddhist tales, and fascinating koans (riddles) from Zen masters. Introductory passages of commentary illuminate key meanings, and the book's ten chapters mirror stages of the Buddha's healing role, from diagnosis to cure or enlightenment.
