

## Calendar Boy (The Cougar Chronicles Book 2)

Forty-five- year-old erotic romance author Stacy Oppenheimer has always been an introvert, and her recent divorce has left her scared of her own shadow. But when her favorite cover model, Michael Moretti, corners her at a writers conference, she swallows her inhibitions for a moment and teases him a little. Michael Moretti, age thirty-six, knows his career as a cover model and exotic dancer is rapidly coming to an end due to his age. He has his own reasons for attending this conference find an attractive older woman whom he can woo into keeping him in the lifestyle to which hes become accustomed. Lovely Stacy fits his requirements nicely. With Michaels help, Stacy begins to overcome her shyness and engages in some exciting activities both outside and inside the bedroom. But shes nobodys sugar mama, and she makes that clear to him when she finds out his ulterior motive. Too bad for Michael, who finds out he just might be in a little deeper than he thought.
