

Falling in Love (Seasons of the Heart Book 1)

Only 99? Katie Morgan has her future planned. It doesn't include becoming serious about anyone before she achieves her goals, not even her handsome boss. Just because she does not have time to date, doesn't mean her boss shouldn't. Her new mission to make her boss happy, whether or not he wants to be. Wade McAlester fell in love with Katie the first day she walked into his clinic looking for a job. He hired her, content to settle for friendship until she lives out her dream of becoming a vet. Against his better judgment, Wade allows her to fix him up with a couple of her friends. The dates are disastrous. He can't believe the kind of woman Katie seems to think he'd enjoy spending his life with. However, when Wade's old colleague, Dr. Laura Redmond shows up, Katie is rethinking how happy she wants her boss to be, and with whom. Definitely not the gorgeous doctor.
