

This volume is a faithful rendition of Napoleon Hills original 1937 success classic, Think and Grow Rich. At the time I write these brief introductory words, the stature of Think and Grow Rich is beyond repute, with thousands of millionaires the world over, including myself, attributing their start on the road to riches to the day they read Think and Grow Rich. But even on the christening day of publication, it was not the hare-brained scheme of a poor philosopher trying to get rich... The book reveals the secrets the richest businessman on Earth, Andrew Carnegie, revealed to Napoleon Hill, with the express assignment that he reveal them to the world. The truth is simple. Riches are within the reach of every sane, whole person who desires them. You simply need to know and apply the great secret revealed in these magic pages to acquire whatever level of material riches you desire, as well as the concomitant satisfaction and self-actualization that comes when you are contributing to the world and your family in a big way.

Buddhism and the Transformation of Old Age in Medieval Japan, Inside the Miracle: Enduring Illness, Approaching Wholeness, Whatever He Requires, The Healing Path: How the Hurts in Your Past Can Lead You to a More Abundant Life, El libro de la vida y la muerte: Celebrando la vida, celebrando la muerte, Why You Should Believe in Me (Volume 2),
