

Driftwood Tides (Thorndike Press Large Print Christian Fiction)

He made himself an island until something unexpected washed ashore. When Holton lost his wife, Adele, in a freak accident, he shut himself off from the world, living a life of seclusion, making driftwood sculptures and drowning his pain in gin. Until twenty-three-year-old Libby knocks on his door, asking for a job and claiming to be a friend of his late wife. When he discovers Libby is actually his late wife's illegitimate daughter, given up for adoption without his knowledge, his life is turned upside down as he struggles to accept that the wife he'd given saint status to was not the woman he thought he knew. Together Holton and Libby form an unlikely bond as the two struggle to learn the identity of Libby's father and the truth about Adele, themselves, and each other.
