

Paranormal Security Council: Vol 2

Till Mercy A suicide mission to avenge the death of his family brings an outspoken professor face-to-face with his worst enemy, and a new chance at life and love. Hed topped the Paranormal Security Councils hit list at one time, but Professor Nathan Valte has been given a second chance. Instead of moving on, Nathan is pedalling backward. Consumed with guilt and grief, he sets out for revenge, hunting the leopards who brutally murdered his wife and child. Armed and ready to die, he heads into the Colorado Mountains. In Nathans way, preventing him from achieving his goal, is one of them. The enemy. In the arms of his worst nightmare, Nathan finds forgiveness and acceptance. In the arms of a leopard lies hope for a future, if only Nathan is brave enough to embrace mercy instead of retribution. Till Betrayal It takes outside forces, and the threat of losing it all, before this trio can set aside their differences and accept how much they need each other. Remi Parascu has unearthed a traitor in the midst of the Council she oversees. Armed with evidence, on her way to request a kill order, Remis plane is crashed, her bodyguards are killed and shes taken hostage. Things would be a whole lot simpler if her captor had been the traitor. Jaguar shifter Czion Whitehall has distanced himself from his family and the woman he recognizes as his mate. Theres no way he can be with the President of the Council, so Czion walks away without ever cementing the bond with Remi. The absence of that bond makes it much easier for someone else to swoop in and take his place. As a skin walker, able to take on the appearance of anyone, Jaxon Fenti wears the face of a man Remi cant resist in an effort to get the name of the person who killed his brother. What Jax didnt count on was Remi being one-third of his Trinity, and a stubborn jaguar being the one to complete their triad. Czion wants nothing

to do with any of it, and Remi and Jax can't make it without him. It takes outside forces, and the threat of losing it all, before this trio can set aside their differences and accept how much they need each other.
