

Walking the Bible : A Journey by Land Through the Five Books of Moses

One part adventure story, one part archaeological detective work, one part spiritual exploration, *Walking The Bible* vividly recounts an inspiring personal odyssey by foot, jeep, rowboat, and camel through the greatest stories ever told. Feeling a desire to reconnect to the Bible, award-winning author Bruce Feiler set out on a perilous, 10,000-mile journey retracing the Five Books of Moses through the desert. Traveling over three continents, through five countries, and four war zones, Feiler is the first person to complete such a historic expedition. He crosses the Red Sea, climbs Mt. Sinai, and interviews bedouin and pilgrims alike, as he attempts to answer the question: Is the Bible just an abstraction, or is it a living, breathing entity? Both a pulse-pounding adventure and an uplifting spiritual quest, Bruce Feiler's *Walking the Bible* is a stunning and elevating work of courage, scholarship, and heart that revisits the inscrutable desert landscape where the world's great religions were born and uncovers fresh answers to the most profound questions of the human spirit.
